

Kang GURU

Indonesia

November 2010

Feedback received about the September bulletin, especially on KGI's FaceBook Fans Page, has been very positive. We now know that you really like this bulletin format for information and news from KGI and the Australia Indonesia Partnership. And we have a lot of news for you! Did you know that around 300,000 more Indonesian children will have access to school as a result of a new \$500 million education partnership announced in Jakarta by the Prime Minister, Julia Gillard in early November? This new partnership builds on the success of previous support which funded the construction of more than 2000 schools in poor and remote areas, providing access to around 330,000 school places for Indonesian children. And some more breaking news from KGI - did you know that KGI bulletins will now be available in February and April 2011. Be sure to follow all the latest news from KGI on the internet and on KGI's Facebook Fans Page.

Mr. Greg Moriarty, the Australian Ambassador Designate to Indonesia, isn't really new to Indonesia at all. He worked in Jakarta from 1999 until 2002. KGI spoke with him recently in his office at the Australian Embassy in Jakarta. One of the first questions Kevin asked was what Mr Moriarty had missed the most about Indonesia since leaving in 2002. His response - *Makanan Padang!* The Moriarty family are here too. Greg's wife and two young sons are very excited about living in Indonesia. Mr. Moriarty is looking forward to working in Indonesia, meeting people, traveling around the archipelago and further developing the Australia Indonesia relationship. One of his very first tasks was to help organize the November visit of the Australian Prime Minister, Ms. Julia Gillard, to Indonesia.

Check out Greg Moriarty's full interview with KGI on KGI's website - *November Bulletin Page*.

AIYEP 2010/11

Danis Sriwijaya (top row left) went to Australia on October 23rd as one of the 18 Australia Indonesia Youth Exchange Program (AIYEP) participants for 2010 - 2011. Danis is a chemistry student from Yogyakarta. Although he says AIYEP selection was quite difficult he is very glad that he applied. The AIYEPs will live in Australia for 2 months before returning to Indonesia with 18 Australian participants in late December. All 36 participants will then enjoy two months of work experience and cultural activities in Wakatobi, SULSEL. In early 2011 read more about the adventures of these AIYEPs on the KGI website and also listen to Danis' interview on KGI radio. Maybe you would like to see what the AIYEPs of 2009 - 2010 did when they returned to Indonesia in early 2010 - http://www.kangguru.org/travel/gitravel2010_pangkalpinang_aiyep_ayu.htm

Surabaya

Soerabaia 1945

Soerabaia 1945: Most of Tony Rafty's amazing sketches about Indonesian Independence were drawn in Surabaya in 1945. He was a journalist/cartoonist for an Australian newspaper. Australia supported independence

for Indonesia and so did Tony. He even met Soekarno in Surabaya and spent quite a bit of time with him chatting about art - a shared passion. On November 12th this year Tony visited SMA2 Muhammadiyah in Surabaya where he spent time helping students with their sketches and answering many questions about his amazing life. KGI interviewed Tony Rafty in Surabaya. He told wonderful stories about his wartime experiences in Indonesia during that historic time 65 years ago. Tony is now 95 years of age but is still a very active man. You can hear this marvellous Aussie icon on KGI radio early in 2011.

Be sure to check the KGI website for full story/photos.

KGI videos - check them out!

Are you a YouTube fan? YouTube is a great way to find videos, music and information. KGI now has more than 10 videos on YouTube that you can watch and download. Here are just a few of the titles -

- AusAID rebuilding earthquake-damaged schools in Padang
- KGI Champions visit 11 AIBEP schools in Bali
- Australia Indonesia Partnership for Maternal and Neonatal Health (AIPMNH) in Kupang
- KGI in Lampung with AIBEP
- Tony Rafty returns to Surabaya
- Inclusive Education in Surabaya
- KGI in Papua - Yapen/Serui, Jayapura, Timika and Merauke

Inclusive Education in Surabaya

KGI attended the official opening of the newly renovated Karya Mulia School for the Deaf in Surabaya in October. With assistance from the Government of Western Australia (WA) and the hard work of both Australians and Indonesians the school was made to look like new again. WA's involvement with the school dates back 20 years to the start of the WA - East Java Sister State relationship. Karya Mulia is regarded as East Java's premier deaf school and is the only one catering solely for deafness. The school's philosophy of giving children academic, vocational and emotional support is so obvious in its happy atmosphere and smiling faces.

A Fantastic Time In Australia

From the 20th of August to the 4th of September 2010, seven students of SMA Yos Sudarso Sokaraja, Banyumas stayed in Queensland, Australia. They attended classes at Aquinas College and were immersed in the culture and daily life of Australians. Of all the places they visited Honeyworld was one of their favorites. Read Alex Karyadi's FULL report on KGI website's Travel Page.

On October 7th and 8th, members of the KGI team together with the seven [KGI Champions](#) visited 11 [AIBEP](#) schools in Bali. For most of the KGI group this was their first visit to these remote schools built by the Indonesia Australia Partnership through AIBEP - *the Australia Indonesia Basic Education Project*.

The KGI Champions gave bilingual presentations and ran learning activities with the students in each school. They talked about their lives, their careers and their volunteer work with KGI. It is true that all of the KGI Champions are enjoying very interesting lives and are all *going places*. In other words, the Champions all have great futures ahead of them. One of the basic ideas behind their visits was to encourage, motivate and provide inspiration for the AIBEP students in those schools. So, be ACTIVE and INTERESTED!

What impressed me a lot when I came to Bali's AIBEP schools was the design and layout of the buildings. It's quite artistic and describes Balinese culture. It's a bit different from the AIBEP schools I visited in Madura. (Suryadi, KGI Champion)

Those schools deserve to be AIBEP schools, and it's not only due to the distant locations to reach, but also the students & teachers' spirit to work together hand in hand to improve villagers' education. (Wibowo, KGI Champion)

"Bagus, sukses, anak-anak senang. Tolong supaya bisa diadakan secara rutin - a very good, successful visit and students were very happy and please make it a routine activity", said Drs. Wy. Widiarta, Principal of SMPN 7 Kintamani.

KGI in KUPANG in October

Ayu and Darmika went to Kupang NTT in late October to see the wonderful work of one of AusAID's projects in Kupang - the Australia Indonesia Partnership for Maternal and Neonatal Health (AIPMNH). Want to know more? If you do then answer the following questions by checking out Ayu's full Kupang report on the KGI website's AusAID Archives page for November 2010. Prizes? YES and really, really good ones!!!

1. When did KGI visit Kupang?
2. Who is the partnership director of AIPMNH in Kupang?
3. Where did Ayu and Darmika go on the second day of their visit to Kupang?
4. Which hospital is Dr Dewi from?
5. What's the name of the hospital in Kupang?

USEFUL WWW links for TEACHERS

Teachers, are you BORED of doing the same thing with your students? Are you STUCK for ideas? KGI's suggestion is this - you will be surprised to find out what you can search for and find online, so DO IT! There are some great websites for teachers where you can get terrific ideas for teaching grammar, vocabulary, games, etc. It's time for a change, it's time for something fresh - surprise your students with some new activities - check these website links below and make sure you go to KGI's 'In The Classroom' website page for more!

KGI's NEW Idioms Inggris Podcasts (text and audio) available from December 20th on the KGI website. Check KGI's Latest News Page

- Different Pond Different Fish (2009 - 10)
- The Best of KGI magazines 2009 - 10

Into a paperless/less paper world

Kang Guru Indonesia is supporting 'a less paper environment' by being careful about paper use in our office, creating bulletins for the internet and by utilizing electronic publications - website, FaceBook, podcasts, etc.

Towards a paperless/less paper world -

- You can read the PDF version of KGI magazines and bulletins and print them out BUT remember, only print what you need.
- Follow the golden rule: *Think before you print.*
- Use both sides of a sheet of paper. Use scrap paper if you can.
- Avoid printing out single line e-mails or unnecessary copies of documents.
- Use technology such as electronic mail, internet and intranets - these not only reduce paper use but also save time and money.

The September 2010 KGI bulletin provided not only interesting information such as 2000 AIBEP schools, BRIDGE activities in Indonesia and Australia, KGI Teacher Workshops, and many other topics but also useful language tips and games. The cover was very eye-catching. It was colourful and pretty representative of the contents of the bulletin. I was really impressed by this first KGI bulletin. Hopefully there will be enough copies sent of the KGI bulletin for all my students.

Iwan Wijaya, S.Pd. SMP Negeri 48 Palembang, Jl. Pangeran Ratu, Palembang

Hi KGI, I think your bulletin is so colorful and informative. I am really glad and thanks for your care of many cultures and situations both glad and sad when you visited Padang earthquake sites. That means Australia is a good neighbor and takes care of others.

Riva Sahri Ramdani SMP Plus Muhammadiyah Singaparna JL. Muhammadiyah Cikedokan Singaparna, Tasikmalaya, West Java

Thanks for your September bulletin. It is really cool but it provides fewer information than your magazines used to. It suggests us to browse in the internet to know more details.

For the people who live in a big city whose internet can be accessed easily it doesn't matter but for me and others, it can be a big problem. Internet is still a luxury here in the country. Besides, reading a magazine is more enjoyable. We can do it everywhere. Using the magazine is easier and cheaper than using a laptop or mobile phone for me. In addition, my eyes can be easily exhausted when I looking at computer screen. Thanks.

THE JOEYS

JOEYS SECRET MESSAGE

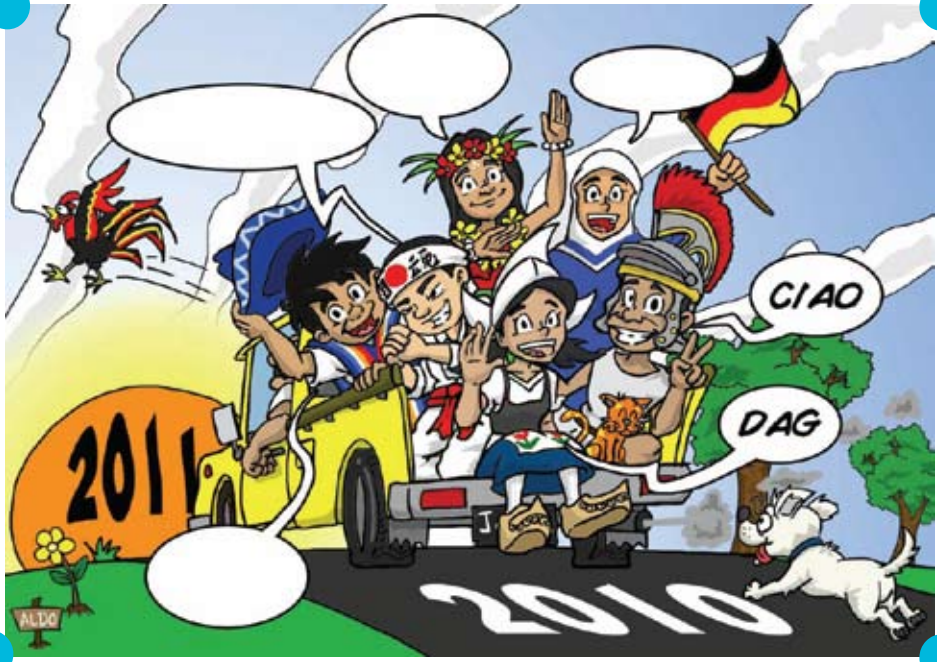

My goodness, 2011 is just ahead of us and we are getting ready to say goodbye to 2010, aren't we? Here are some expressions to say goodbye in English, to friends and family and maybe even to 2010. Has 2010 been a a good year for you? We hope so. It was good for KGI.

- Goodbye
- Bye-bye
- Bye
- Talk/speak to you later
- Ta ta for now
- See ya
- So long
- Farewell
- See ya later, alligator
- Till we meet again
- Have a good trip

"It takes a minute to say hello and forever to say goodbye"

Do you want to find out about JOEYS Secret Message? Go to the JOEYS Page on the KGI website and win a secret surprise from the JOEYS. Do it right now!

JOEYS TASK! Look carefully at the JOEYS heading towards 2011. They are saying goodbye to 2010 in two different languages. Can you guess what other languages they are using? Guess first, then go to www.kangguru.org/joeys and check your predictions. Then send your answer to joeys@ialf.edu by December 31st.

Are you a JOEYS winner from KGI's September bulletin and follow-up JOEYS webpage. Check now on the JOEYS Page.

KGI Bits and Pieces

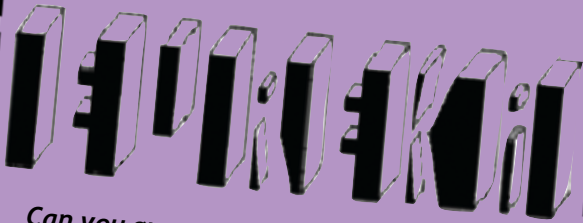

KGI's's Quick Fix

Which one of these is correct?

- a. I and my friends
- b. My friends and I
- c. My friends and me
- d. Me and my friends

Now check the KGI website's Quick Fix Page and try 10 other multiple choice activities.

EYE ILLUSION

Can you guess what words is this? It's an ancient Greek word that means 'I found it'. SMS your answer to 08123870479 before Dec. 31st.

'Making A Toast'

Making a toast is a tradition often used in the West. People clink their glasses together and toast to somebody's or something's success. At a wedding for example, the guests would raise their glasses and say something like this. 'Here's to John and Mary - all the best for the future'. All other guests would then repeat that and raise their glasses and drink the contents.

NIDJI

The band sat down with KGI in Denpasar a few weeks ago. They talked about English language, their careers and their travels. All of the members of the band speak English and very well too. Did you know that? Download their interview podcast during December from the KGI website.

BRAIN TEASER

Try to say the color of the words, instead of actually reading the words. You will find it surprisingly difficult. The right half of your brain is trying to say the colors while the left half of your brain is trying to say the word itself. This brain teaser is used by mountaineers to test if their concentration is OK.
